

**FOR IMMEDIATE RELEASE:**

## **VTC Pro Audio Elevation Series Line Array flies in Toronto's Air Canada Centre.**

**Toronto Ontario, February 16, 2009** – VTC Pro Audio's Flagship Elevation Series Line Array was used exclusively on the 'So You Think You Can Dance Canada' tour, including the February 13<sup>th</sup> 2009 stop in Toronto's famed Air Canada Centre.

Home of the Toronto Maple Leafs and the Toronto Raptors, the Air Canada Centre is undoubtedly one of North America's finest large scale entertainment venues. The prestigious live music and event facility in Canada's largest urban center, the 665,000 square foot ACC seats 20,000 for concert events and is consistently ranked #3, #4, and #5 worldwide in the top three Concert Industry Trade Magazines (Venues Today, Pollstar and Billboard respectively).

Production and staging for the SYTYCD Canada Tour was handled by Metalworks Production Group, based in Mississauga Ontario Canada. Metalworks handled all technical logistics for the entire tour including stops in Edmonton's Rexall Place, Vancouver's GM Centre and the Place des Arts in Montreal as well as shows in Calgary, Saskatoon, Regina, Winnipeg, Thunder Bay, Sudbury, Ottawa, Hamilton, and London.

VTC Elevation Series Cabinets & Subwoofers were used in all SYTYCD Canada events, including 48 EL210T cabinets and 16 ELS212T subwoofers providing concert sound for the Air Canada Centre show. All system time alignment, tuning and signal processing was handled with VTC Pro Audio DLMS4080 processors.

**ABOUT Metalworks Production Group** -. Metalworks Production Group is the sister company and live event division of award winning Metalworks Studios, based in Mississauga Ontario, Canada (a suburb of Toronto). Recognized as one of Canada's premier recording facilities, the award winning Metalworks studio boasts a remarkable track-record over its 30-plus year history. Returning to its roots in live event production, Metalworks Studios launched Metalworks Production Group in early 2005 and has since it has become one of North America's premier live event sound & staging companies.

**ABOUT VTC ProAudio** – Yorkville Sound, a leading manufacturer and distributor of professional loudspeakers, amplifiers, powered mixers and accessories for MI retail since 1963 launched the VTC ProAudio brand with the introduction of Elevation Series line array enclosures in 2008.

Designed and manufactured in North America and distributed by Yorkville Sound (Toronto), VTC ProAudio enclosures use patented technologies by Tom Danley of Danley Sound Labs to create a vertical array sound reinforcement solution for touring applications or fixed installations as well as an array of point source cabinets, digital signal processing and power amplifiers.

**ABOUT YORKVILLE** – Yorkville Sound has been a manufacturer of PA systems and loudspeakers, Traynor instrument amplifiers, installed audio systems and accessories since its inception in 1963. The company now employs over 200 people in a 150,000 sq ft facility in Pickering Ontario, Canada (a suburb of Toronto).

In addition to its manufacturing capability, Yorkville Sound is an importer and distributor of microphones, cables, stands and accessories under the Apex brand as well as studio effects, signal processors, microphone preamps and accessories under the brand name Applied Research & Technology (ART) originally based in Rochester New York. Yorkville Sound is also the exclusive distributor of Hughes & Kettner Amplifiers for North America; Epiphone Guitars, Gibson Guitars, Beyerdynamic Microphones & Headphones as well as Gallien-Krueger amplifiers for Canada, and distributes the Alto line of PA, effects and signal processing for the United States.
